PERSONALDATA.io

HOW TO RETRIEVE YOUR DATA?

(Use these two
complementary methods)

PERSONALDATA.io

VIA THE UBER APP PORTAL

(5min)

- + : Quick and easy
- : Less comprehensive data collection

Once you receive the first set of data, continue with

GDPR

(10min)

- + : More comprehensive data collection
- : Takes a little longer (but it's worth it!)

UBER APP PORTAL

PERSONALDATA.io

UBER APP PORTAL

1. **Open the menu** when logged into the Uber app.
2. Click on «**Security and Privacy**»
3. **Request a copy of your data** under the «**Drivers and Couriers**» tab.

Enter your **email address**
OR
your **phone number**

Check our screenshots
on the next page.

4. **Contact us** as soon as you receive a copy of your data:

contact@personaldata.io

PERSONALDATA.io

VIA GDPR

(Do not submit both requests at the same time, wait until you receive the first data from the portal.)

PERSONALDATA.IO

VIA GDPR

1. [Go to this form](#) (without logging into your account!)
2. Scroll down and check «Submit a privacy inquiry without...»
3. Check the box «Driver or courier»
4. Check the box «I want to contact Uber's Data Protection Officer (DPO)»
5. Copy and paste this text ([click here to open the text](#)) into the «Provide additional information...» section
6. Fill in the rest of the form (first name, last name, phone number, email)

VIA GDPR

7. Click «I am not a robot»

8. Click «**Submit**»

9. **IMPORTANT** : Check that you received an email from Uber to confirm the data request.

10. **Open Uber's email**

- Scroll down
- Click «**Confirm email address**»
- **Ensure** the acknowledgment contains a copy of your message.

11. **Contact us** as soon as you receive a copy of your data:

contact@personaldata.io

PERSONALDATA.io

**METHODS MAY
CHANGE OVER TIME
AND BY COUNTRY**

PERSONALDATA.io

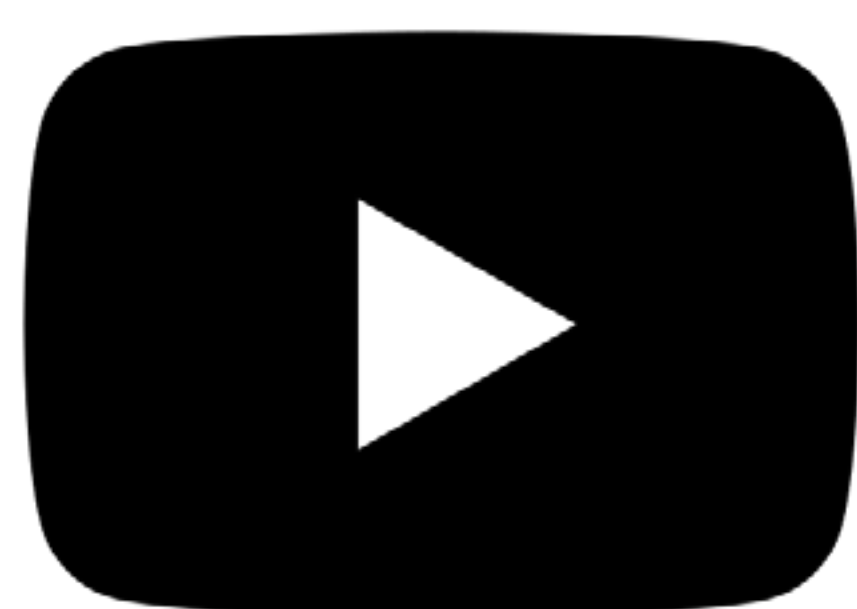

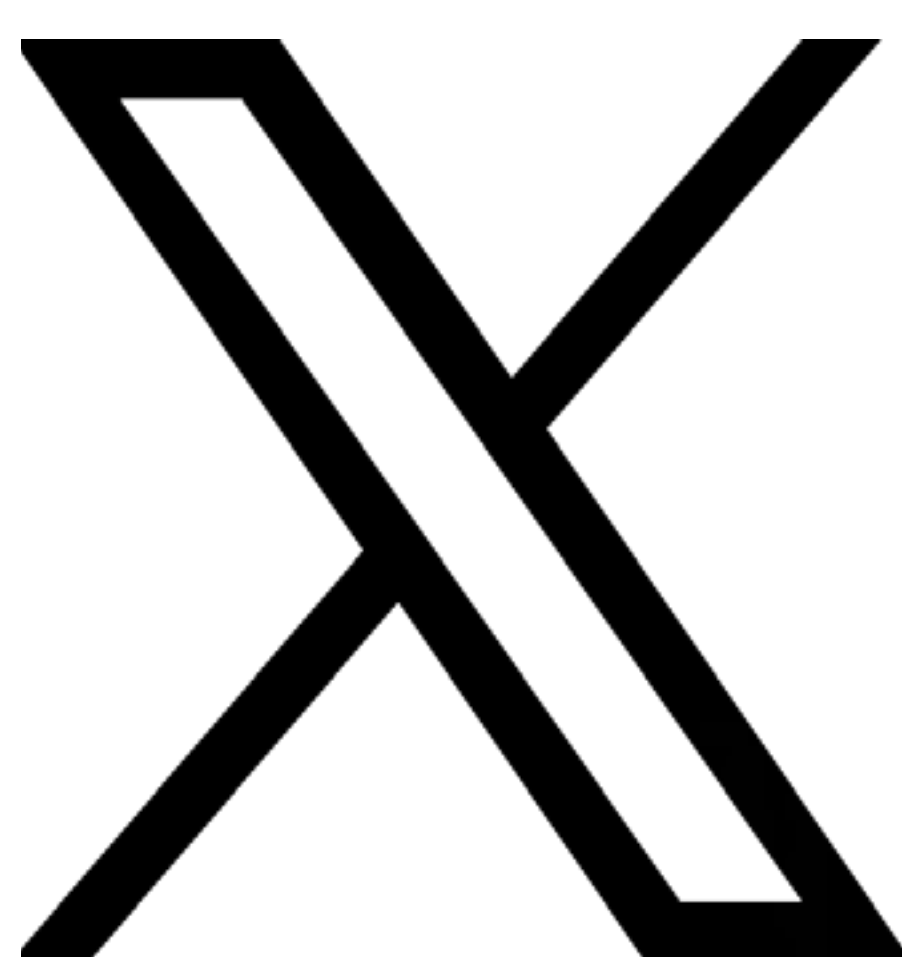

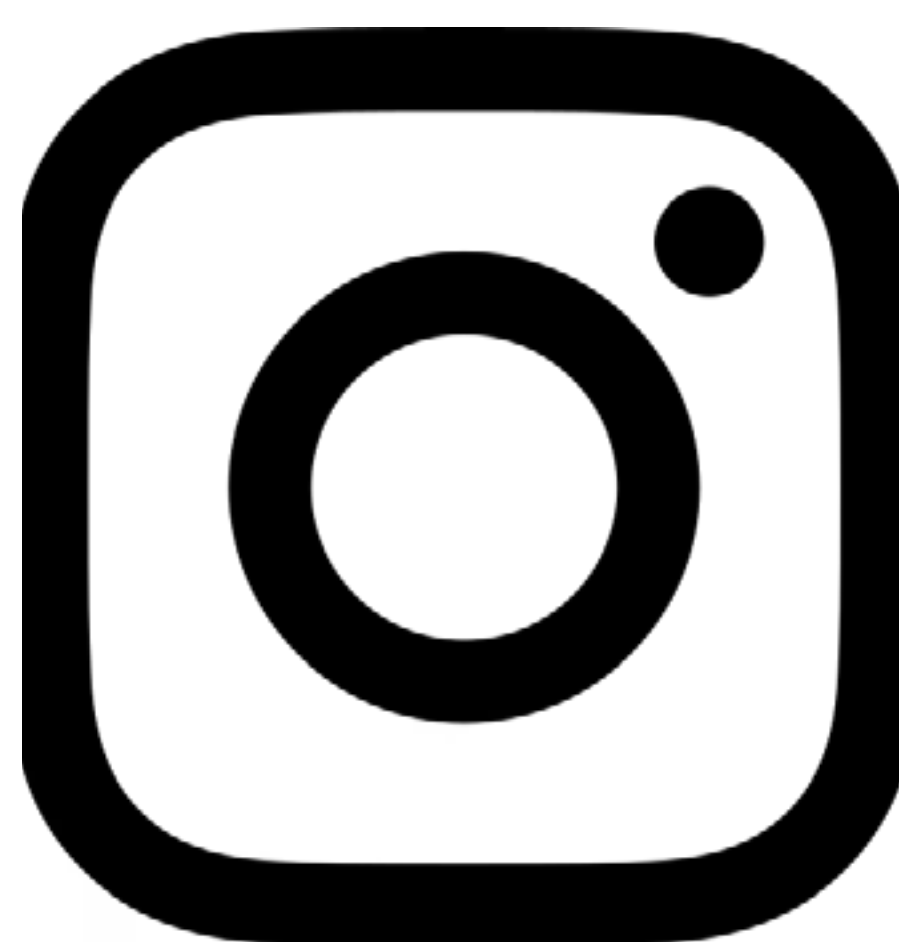

Methods may change over time and by country.

If you notice a change in the form:

- > Take screenshots
- > Send us your screenshots.
- > This will help your fellow workers and colleagues.

Thank you !
